"It's All About Living"

Fall 2014

Richmond County Hospice, Inc. Hospice Haven, Anson Community Hospice

National Hospice Month

Every year, more than 1.6 million people living with a life-limiting illness receive care from hospice and palliative care providers in the US, reports the National Hospice and Palliative Organization (NHCO). During the celebration of National Hospice and Palliative Care next month, providers across the country are raising awareness of the many benefits of hospice and palliative care; hospice care is more than traditional medical care. It's care that provides expert pain management, symptom control, emotional support, and spiritual care to patients and family caregivers when a cure is no longer possible. Care is provided by a highly talented and trained team of professionals and volunteers. Hospice care in the US is most often provided in the home-allowing people to be with their families and loved ones in comfortable surroundings at the end of life. Research by the NHCO has found that 94 percent of families who had a loved one cared for by hospice rated the care as very good to excellent.

There is also new research confirming that patients may actually live longer with hospice care. A recent study released by the New England Journal of Medicine found that in a group of lung cancer patients, those who received hospice care lived, on average, almost two months longer than those who received standard care. Researchers also found that the patients receiving hospice care reported a higher quality of life through the final course of their illness. "With earlier referral to a hospice program, patients may receive care that results in better management of symptoms, leading to stabilization of their condition and prolonged survival," wrote the authors of the study.

"There's an inaccurate perception among the American public that hospice means you've given up" said J. Donald Schumacher, president and CEO of the National Hospice and Palliative Care Organization (NHCO). "Those of us who have worked in the field have seen firsthand how hospice care can improve the quality of and indeed prolong the lives of people receiving care." NHCO encourages all patients diagnosed with a serious illness, and their families to ask their healthcare providers about hospice services.

Richmond County Hospice, Inc. is your home town hospice on US Highway 1. North. We are a non-profit agency providing hospice services in Richmond, Anson, Moore, Scotland and Montgomery counties. Please join us in celebrating National Hospice and Palliative Care Month this November. Whether you know someone currently receiving hospice or someone who works or volunteers for hospice, take a moment this month to acknowledge their courage and strength. Tell them you appreciate what they are doing, put your arm around their shoulder and say thank you for their ministry in our community. Affirming the life of another will affirm your own; after all, hospice is really about living.

Thanks to Campbell's Soup, Hospice Haven residents will enjoy a variety of delicious Campbell's products. Mmmm! Mmmm! Good!

Thank You!

Recently, Richmond County Hospice has received several grants and in-kind corporate donations.

During the month of June, Pee Dee Electric Corporation's Care to Share Program and the Rotary Club of Rockingham presented this organization with two substantial grants and UMM and UMW of First United Methodist Church in Rockingham developed a flower garden along the walking path.

In July, we were honored to receive a truckload of soups and drinks from Campbell Soup Supply Company as well as an additional memorial garden given by Amy Archer, daughter of Bobbie Irwin in memory of her mother. Jenna Staub, Melissa Staub, and Sherri Edwards, Richmond County Hospice Volunteers, planted the garden. Beautification to our Walk to Remember Memorial Gardens and Pathway was done by the Lowe's Heroes on September 10th. We are touched by the generosity of these organizations and extend our sincere appreciation for their contributions!

Anson Community Hospice Marketing and Community Liaison, David Jenkins added, “Anson Community Hospice is proud to partner with Hospice of Chesterfield County and support this great football rivalry. Our goal as a non-profit organization is to educate our community on the benefits of hospice services and to provide quality compassionate care to families and patients in their time of need.”

CAMP HAVEN 2014

Richmond County Hospice, Inc. kicked off the annual children's grief camp on October 11, 2014. Camp Haven is designed for children ages 5-12 who have experienced a significant loss over the past year. Camp Haven provides a day for children to share their grief with others and learn of the many ways that grief can come to be through death, divorce, or separation. Children oftentimes experience feelings associated with grief that are not always understood. These feelings can lead to stress, anxiety, anger, fear, or sadness. Camp Haven provides a safe place

for kids to be kids and have fun with others who share similar circumstances. Grief is something unique to each person, and Camp Haven provides an opportunity for children to express this in a fun and effective manner.

Camp Haven 2014 offered a variety of activities for participants. After breakfast, as an ice breaker, campers were able to participate in a parachuting activity in order to become familiar with each other. Following this, campers separated into six different stations designed to recognize grief and cope with this in a fun way. These included: Memory Jars, Emotion Bracelets, Rainbow Rice, the Cycle of Emotions, Scrap Booking, and Reflection Quilting. Campers were treated to breakfast, lunch, and snacks along with a free t-shirt and "goodie bag." Parents were invited to attend the closing ceremony at 2:00 pm with their camper for a balloon release where their loved one was remembered.

Children may be referred by teachers, social workers, guidance counselors, or family members. Camp Haven is a day for children to explore, learn, create, and grow through the grieving process. The camp is planned by a collaborate group of Hospice professionals, volunteers, and school faculty who recognize the signs of grief in children and are knowledgeable of effective coping skills. Camp Haven is a community program of Richmond County Hospice, Inc.

Light of Life ~ Fall 2014

The Bi-Annual Light of Life Memorial Celebration will be held Tuesday, November 18, 2014, 6:00 pm at Ellerbe United Methodist Church in Ellerbe, N.C. This Bi-Annual event is held as a remembrance ceremony for families served by Richmond County Hospice, Inc. who lost a loved one over the past six months. This evening gives families a time to celebrate the lives of those no longer with them. During the service, family members take part in a reflection ceremony by lighting a candle to commemorate the life of someone they lost. In addition, families enjoy entertainment from local musicians and a catered dinner. Grief can oftentimes create a dark and sad place for individuals to overcome. Light of Life provides an opportunity for families to bring light into their lives and take peace and comfort in the celebration of those who have gone before them.

Forever Tree

Our loved ones touch our lives and they forever remain in our hearts. Richmond County Hospice, Inc. would like to invite you to share in the beauty of this joyous holiday season while providing you with the opportunity to share the memory of your loved one on our “Forever Tree.” This year, our Forever Tree will be illuminated by bright white lights representing memorial and honorarium contributions for individuals as given by their family and friends. On **Monday December 1, 2014 at 6:00pm**, we will conduct a lighting ceremony at Richmond County Hospice, Inc. located at 1119 N US Highway 1, Rockingham, NC. The names of those being remembered or honored will be placed on a light, and all of the names will be read during the ceremony. To be recognized during the ceremony, donations must be received by **Wednesday November 26, 2014**.

If you decide to place a light on the Forever Tree in memory or in honor of your loved one, please complete the attached form and send it along with your contribution of \$10 per light to Richmond County Hospice Inc. 1119 N US Hwy 1, Rockingham, NC 28379. “Front porch” sitting along the
Walk To Remember walking path

Our mission at Richmond County Hospice, Inc. is to comfort the body and heal the heart through compassionate quality care during end-of-life experiences, so patients and families may live each day with peace, comfort, and dignity.

Building the Way

Almost 30 years ago, visionary members of our community came together with an ideal: to build a Hospice to serve its citizens. Now as the only Richmond County based non-profit Hospice, we serve not only citizens of this county but also all the immediately surrounding counties. We serve a population of 227,000 and provide services to any qualifying person regardless of gender, age, religion, or ability to pay.

Last year we started building our **Walk to Remember** paths, which is a special place for memorializing or honoring our loved ones. It also provides a quiet, serene setting for meditation and prayer, and a peaceful solitude for those who need to commune with nature and reach a state of balance and tranquility. Our **Walk to Remember** includes a pergola, an “old farm porch” and a fresh water fountain. The culmination of this project will be our **Veterans garden**, including a **Memorial Wall**, with open access for all our communities to enjoy.

We are so pleased to offer you a unique opportunity to be a part of your “**home town hospice**” history by contributing to this project. A limited number of bricks can be purchased to honor a loved one, living or deceased. The brick will be engraved with your personalized message and bricks will be placed in three sections for you and others to enjoy: the walking path, fountain area and the Memorial Wall at the Veteran’s Garden.

Your donation will help in two ways: honor our Veterans and benefit our community’s needier patients. **All the funds collected from this project will go to our Benevolent Care Program**, providing care and medications for those who, for whatever reason, do not qualify to receive funds from Medicare, Medicaid, or private insurances. It will allow them to have a more dignified end-of-life experience, so they may live each day with peace, comfort, and dignity.

3 options to contribute to this program are available:

The Walking Path: donation per engraved brick (4x8) is \$100.00.

The Fountain Area: donation per engraved brick (4x8) is \$150.00. You receive a replica tile to keep.

The Veterans Wall: donation per engraved brick (4x8) is \$200.00 or (8x8) for \$250.00. You also receive a replica tile and a Certificate of Recognition. Please fill out the Insert or go to our web site at <http://mpweb.org/hospice/>
